## When Shakespeare Foretold the Coming of Radio

"... Airs and sweet sounds that charm the ear and harm not."

Sometimes a thousand tramping instruments crowd about a single ear, and sometimes voices. But the marvels of scientific ingenuity allied to the exquisite craft of the cabinet maker surely surpassed even the imagination of Shakespeare, whereby any mortal today—by a mere turn of the hand—might arrest these vagrant "airs and sweet sounds" of space, at will, and impress them into the entertainment of one's own fireside.

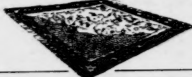

We have all the best makes of Radio for you to choose from. Come in and let us demonstrate. You will find it a treat.

## "Dursley" Reversible Wool Rugs and Carpets

Enter an expensively furnished room, with ill-chosen floor-covering. In five minutes you will want to go and sit on the kitchen table. But in a room, otherwise filled with shabby and worned furniture you can still feel at home with a "Dursley" underfoot.

### In and Out the Windows

**By BETSY CALLISTER**  
Dinner should be a fairly long meal—no doubt about it. If Americans do suffer from stomach troubles more than Europeans—as is often said—then I am sure the reason for it is because Americans habitually eat so much more rapidly. If you must eat breakfast and lunch in a hurry then plan to have them fairly light and decidedly simple, avoiding all rich or heavy dishes. Let dinner be the hearty meal of the day—and eat it in leisurely manner.

One of the advantages of serving dinner in courses is that this process makes quick eating impossible. There are bound to be some. Whereas if everything is served at once, when supply diminishes at the disposal of the diner ten to twenty times is saved, and this is the best aid to digestion.

### Menu

**BREAKFAST**—Orange juice, cereal, cream, sausage and fried apples, whole wheat popovers, milk, coffee.  
**LUNCHEON**—Red beef with vegetable, cottage cheese and carrot sandwiches, rice soufflé, milk, tea.  
**DINNER**—Lamb, stew with dumplings, sliced tomatoes, bean soup, mashed potatoes, milk, coffee.  
As long as possible use fresh produce in your home or other way.

The luncheon soup is rich with all the fresh fall vegetables and is very hearty and warming.  
**Lamb Stew with Dumplings**  
For three people: Lamb, mutton, mutton, 1 cup dried carrots, 1 cup dried turnips, 2 onions, 2 small potatoes, 2 tablespoons flour, pepper. Wash meat with a cloth wring out of cold water and cut in pieces.

**WITH DINITY**

### Mary Pickford's California Home

Often pointed out as the most beautiful home in California, Pickford's Beverly Hills home of Mary Pickford and Douglas Fairbanks, has just undergone complete interior decoration. Here you see several of the charming and spacious rooms. Pickford treats to upstairs hallway, left, has a living room and makes of it a charming room. Everything in the room is English in style. The most beautiful room is the color note which is carried out in decorative blind chime curtains with floral valance. The davenport and wing chair repeat it. The little lamp is Royal Worcester and the decorative porcelain and English ones.

## SUCCUMBS ON WAY TO HELP IN AMBULANCE "and of Hope and Glory" Is Epic Film Of British Empire

Text is Backed up and Crushes Little Girl to Death

Crushed between the left rear wheel of a taxicab being driven in front of James McKay, 1118 13th street, Sunday afternoon, October 21, a little girl, five months old daughter of Mrs. Thomas McKay, 1118 13th street, was fatally injured at 4:20 p.m. Sunday. The girl was taken to the Royal Alexandra hospital in the ambulance and died there Monday morning.

Police officers who were called to the scene of the accident, which occurred on the sidewalk near the intersection of 13th and 14th streets, found the girl, who was a few minutes before, had been run over by the taxicab and was lying on her back. The girl was taken to the hospital and died there Monday morning.

## Humane Society Gathers At "Y"

The usual monthly meeting of the Humane Society was held in the Y.W.C.A. Parker at which the president, Mrs. Stanley Brown presided. The treasurer, Mrs. A. R. Walsh and the secretary, Mrs. J. R. Brown presented their reports for the month.

Requests for membership from country points and reopening of character members of the society were received with much pleasure.

Plans of various kind of cruelty and neglect, appeals for investigation, increase each month and plans for the extension of the work which is badly needed were discussed.

## Flies To School Fur Farming in Alta. Showing Big Increase Says Hon. G. Hoadley

Statistics Difficult to Get and Number of 151 May be Too Low

For the year 1928 there were in Alberta 151 fur farms according to figures received on Monday by Hon. George Hoadley, minister of agriculture and stock raising. In 1927 there were 126. The 1928 figure includes muskrat and beaver farms, while the 1927 figure does not.

Since the above figures were compiled muskrat farming has been considerably increased, but owing to a difficulty of obtaining statistics, exact figures are not available.

There were in Canada during 1928 a total of 270 fur farms, an increase over the preceding year of 12.4 per cent. The number of muskrat farms was 107, an increase of 303 while farms raising fur-bearing animals other than muskrat totaled 148, an increase of 31.

Mink and raccoon farms are the most numerous of the mink-raising class, the former totaling 80 farms, and the latter 10. The number of muskrat farms was 107, an increase of 303 while farms raising fur-bearing animals other than muskrat totaled 148, an increase of 31.

The value of Alberta fur bearing animals in 1928 was \$1,000,000, an increase of 10 per cent over 1927. The value of the output of the city in 1927 was \$2,418,383, an increase of 43 per cent over 1926.

## ALBERTA SENT 52,000 TONS OF COAL EAST

Made Light Impression on Total Output of Province

In the period April 15 to July 15 of this month during which total shipments of Alberta coal sent to the Ontario market under the special rate of \$6.25 a ton, by Order-in-Council, coal products of this province forwarded to Ontario for a total of 52,000 tons of coal, according to figures compiled by the revenue department and forwarded to the Ontario government.

In comparison to the total output of Alberta, this tonnage is not a great tonnage, but taken on the basis of \$4.40 a ton, means a sum in excess of \$228,000 of Ontario means available to the province of the coal.

It is estimated that if the total shipment period could be extended to the end of the year, the output of the province would be greatly augmented.

# GRAIN MARKETS FINANCE

## LITTLE ACTION ON GRAIN MART

WINNIPEG, Oct. 22.—Offerings were limited for the first time in the history of the grain mart and the price of wheat moved in a narrow range. Very little interest was shown in the offerings.

The market moved slightly at the opening but near the close recovered to the level of the previous day. The price of wheat was about 1 cent lower to 1 cent higher.

Trading in cash wheat was slow, but prices were lower for the day on very good and 1/2 off for number 2 northern. The amount of trading here was small.

A little activity in oats and barley was shown, but prices were lower for the day. Oats moved fractionally lower but barley moved steady. Flax and rye sold at higher prices.

While supplies of wheat in Canada increased 12,800,000 bushels, last week while the United States recorded an increase of 3,200,000 bushels. A total of 73,548 bushels of coarse grain was sold in the market for the week.
